

# **Crystal Radio Engineering**

a free web book

by

Kenneth A. Kuhn

# Crystal Radio Engineering

## Table of Contents

Each chapter of the book is a separate pdf to be assembled in the following sequence. This sequence may change as the book develops because of additional chapters or merged chapters.

title.pdf

introduction.pdf

component\_sources.pdf

rf\_field\_strength.pdf

antenna\_and\_ground\_system.pdf

simple\_radios.pdf

mathematical\_model\_of\_wire\_antenna.pdf

resonant\_circuit.pdf

antenna\_matching.pdf

designing\_inductors.pdf

tapping\_inductors.pdf

diode\_detectors.pdf

audio\_transformers.pdf

headphones.pdf

speakers.pdf

a\_simple\_crystal\_radio.pdf

advanced\_topics.pdf
